Subject: Colebrook - Public Water System: Mohawk Valley Camping Area (EPA #0487020)

Dear Mr. Nugent

On March 13, 2003, the Department of Environmental Services ("DES") issued Letter of Deficiency #WSEB 03-029 ("LOD") to the subject water system. The LOD was issued in response to a Nitrate and Nitrite monitoring/reporting violation for the second quarter of 2002. A copy of the LOD is enclosed for your review.

Please note that the deadlines for certain requested actions established in the LOD have passed and we have no record of your response to the following items contained in the LOD:

LOD Requested Action #2: By June 15, 2003, provide public notice of the failure to submit the Quarter 2-2002 nitrate and nitrite samples, as specified on the enclosed form; and

LOD Requested Action #3: By July 25, 2003, provide proof of public notice to DES, as specified on the enclosed form.

To avoid additional enforcement action, please respond to the items listed above by August 11, 2003. Also, please note that your 2003 nitrate sample results are overdue.

If you have any questions, please contact me by phone at (603) 271-2854 or by email at aleach@des.state.nh.us.

Sincerely,

COPY
